

Are your employees asking for healthcare?

9Health has just the ticket!

The “9Healthy Ticket” is your tool for wellness in the workplace.

Models a culture of healthy lifestyles for your workforce

As a corporate leader, your participation with 9Healthy Tickets inspires positive health actions and overall well-being of your employees.

Reduces absenteeism and low-productivity costs from undetected health issues

With 9Healthy Tickets, as little as a \$35 investment per employee can provide a life-changing blood chemistry screening (a \$200 value in the marketplace).

Attracts top employees by providing health benefits

9Healthy Tickets can help attract new employees to your business and help retain existing and valuable ones.

15% Discounts on all screenings for organizations with 20 or more employees.

9Health Fairs can improve the numbers for Coloradoans.

Give your employees access to vital screenings with 9Healthy Tickets.

Colorado is still among the healthiest in the nation. However, one in 5 people in Denver are at risk for diabetes, hypertension, and cardiovascular disease. All adults should be screened for these conditions because early detection and treatment can be a positive financial game-changer for you and your employees.

In Denver **1 in 15** employees is at high risk for diabetes. The annual health cost for that worker is **\$13,215**

Workplace wellness programs can reduce worker's compensation and disability claims by **1/3**

Workplace wellness programs can reduce sick days by **28%**

Get Started Now.

9Healthy Tickets are customizable. As an

employer, you can add multiple screening packages.
